# Financial Planning Services, Inc. April 8, 2024

### **FORM CRS**

Financial Planning Services, Inc. is registered with the Securities and Exchange Commission as an investment adviser and, as such, we provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at <a href="Investor.gov/CRS">Investor.gov/CRS</a>, which also provides educational materials about broker-dealers, investment advisers, and investing. This document is a summary of the services and fees we offer to "retail" investors, which are natural persons who seek or receive services primarily for personal, family, or household purposes.

#### What investment services and advice can you provide me?

We offer the following investment advisory services to retail investors: **Financial Planning Services; Portfolio Management Services.** Detailed information regarding our services, fees and other disclosures can be found in our Form ADV Part 2A Items 4, 7, and 8 and Form ADV Part 2 Appendix 1 Brochures Items 4 and 5 by clicking this link <a href="https://adviserinfo.sec.gov/firm/brochure/165007">https://adviserinfo.sec.gov/firm/brochure/165007</a>.

<u>Account Monitoring:</u> If you open an investment account with our firm, as part of our standard service we will monitor your investments on an ongoing basis and will conduct account reviews at least quarterly or more frequently upon your request.

**Investment Authority:** We manage investment accounts on a **discretionary** basis whereby **we will decide** which investments to buy or sell for your account. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased or sold for your account) by providing our firm with your restrictions and guidelines in writing. We also offer **non-discretionary** investment management services whereby we will provide advice, but **you will ultimately decide** which investments to buy and sell for your account. You have an unrestricted right to decline to implement any advice provided by our firm on a non-discretionary basis.

# **Investment Offerings:**

We offer advice on the following types of investments or products: equity securities, corporate debt securities (other than commercial paper), variable annuities, mutual fund shares, United States government securities and ETFs.

<u>Account Minimums and Requirements:</u> In general, we do not require a minimum dollar amount to open and maintain an advisory account; however, we have the right to terminate your account if it falls below a minimum size which, in our sole opinion, is too small to manage effectively.

# Key Questions to Ask Your Financial Professional

- Given my financial situation, should I choose an investment advisory service? Why or Why Not?
- · How will you choose investments to recommend to me?
- · What is your relevant experience, including your licenses, education, and other qualifications?
- · What do these qualifications mean?

#### What fees will I pay?

The following summarizes the principal fees and costs associated with engaging our firm for investment advisory services. For detailed information, refer to our Form ADV Part 2A, Items 5 and 6 and Form ADV Part 2 Appendix 1 Brochures by clicking this link <a href="https://adviserinfo.sec.gov/firm/brochure/165007">https://adviserinfo.sec.gov/firm/brochure/165007</a>.

- Asset Based Fees Payable quarterly in advance. Since the fees we receive are asset-based (i.e. based on the
  value of your account), we have an incentive to increase your account value which creates a conflict especially for
  those accounts holding illiquid or hard-to-value assets;
- Hourly Fees Payable In advance:
- Fixed Fees Payable 50% in advance and 50% at completion of work;

Examples of the most common fees and costs applicable to our clients are:

- · Custodian fees:
- · Account maintenance fees:
- Fees related to mutual funds and exchange-traded funds;
- Transaction charges when purchasing or selling securities; and
- · Other product-level fees associated with your investments

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

### Key Questions to Ask Your Financial Professional

 Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

- *Proprietary Trading:* We recommend investments that are issued, sponsored, or managed by our firm or our affiliates. We have a financial incentive to recommend such proprietary investments;
- Third-Party Payments: Persons providing advice on behalf of our firm are registered representatives with a
  broker-dealer and independent insurance agents. These persons receive compensation and insurance
  commissions in connection with the purchase and sale of securities, other investment products, and insurance
  products. Compensation earned by these persons is separate and in addition to our advisory fees. This practice
  presents a conflict of interest because they have an incentive to recommend investment or insurance products
  based on the compensation received rather than solely based on your needs

# Key Questions to Ask Your Financial Professional

· How might your conflicts of interest affect me, and how will you address them?

# How do your financial professionals make money?

The financial professionals servicing your account(s) are compensated in the following ways: Salary. Financial professionals' compensation is based on the following factors: Based on the amount of client assets they service the revenue the firm earns from the person's services or recommendations.

### Do you or your financial professionals have legal or disciplinary history?

No, our firm and our financial professionals currently do not have any legal or disciplinary history to disclose. Visit Investor.aov/CRS for a free and simple research tool.

# Key Questions to Ask Your Financial Professional

· As a financial professional, do you have any disciplinary history? For what type of conduct?

You can find additional information about your investment advisory services and request a copy of the relationship summary at 704-643-5000 or click the link provided https://adviserinfo.sec.aov/firm/brochure/165007

### Key Questions to Ask Your Financial Professional

- Who is my primary contact person?
- Is he or she a representative of an investment adviser or a broker-dealer?
- Who can I talk to if I have concerns about how this person is treating me?
